

Notice of Dredge or Fill Discharge Applications received from 8/17/2010

Report Generated On: Monday, February 28, 2011

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
302010-33	Orange Park Blvd Bridge Over Handy Creek	Orange	Orange Park Acres	Federal	The replacement of the existing concrete vehicle bridge and wood equestrian/pedestrian bridge which cross over Handy Creek, with a single cast-in-place concrete slab bridge.	Orange County Public Works		MKB
302010-34	UCI Verano Place Apartments Unit Four Redevelopment	Orange	Irvine	Federal	The project will replace the aging apartment buildings in the UCI, Verano Place Unit Four student Housing complex, with new apartment buildings. The project will fill an approximately 300 foot linear drainage feature located in the southeastern corner of the project site.	University of California, Irvine		MKB
302010-35	Sunset Ridge Park	Orange	Newport Beach	Federal	The proposed project consists of the construction of a community park located at 4850 West Coast Highway, Newport Beach, California. The site is approximately 18.9 acres, approximately 13.7 acres of which are located within the City of Newport Beach in Orange County, CA and approximately 5.2 acres of which are within unincorporated Orange county but within the City's Sphere of Influence.		City of Newport Beach	GSR
302010-36	Carbon Canyon Dam Sediment removal	Orange	Brea	Federal	Removal of up to 200,000 cubic yards of sediment behind Carbon Canyon Dam and work upstream from the main sediment removal area including shallow excavation, rock placement/channel bank riprap, and a drop structure to prevent headcutting.	Planning Division	CDM	DGW
302010-38	Carbon Cyn Creek Native Plant Installation	Orange	Brea	Federal	Remove existing non-native plants from the bed and banks of Carbon Canyon Creek within Caltrans right-of-way. Native plants (willows/mulefat/sycamores/walnuts) will then be installed within the project area where appropriate.	California Department of Transportation		MKB
302010-39	Modjeska Canyon Rd Reinforced Concrete Box Replacement	Orange	Silverado	Federal	Removing an existing 6' x 5' reinforced concrete box (RCB) in an unnamed tributary and replacing it with a 10' x 5' reinforced concrete culvert.	Orange County Public Works		MKB
302010-40	Marina Park	Orange	Newport Beach	Federal	Dredging/excavation, construction of boat docks, construction of bulkhead wall.	City of Newport Beach	Moffat & Nichol	MKB
302010-41	Fairview Channel Access Road Repair	Orange	Costa Mesa	Federal	The southerly maintenance access road adjacent to Fairview Channel, downstream of Placentia Avenue, has experienced failure due to erosion of the adjacent slope for 150 linear feet. This project proposes to rebuild the channel slope back to its original line and grade.	Orange County Public Works		MKB
302010-42	Buck Gully Canyon Restoration	Orange	Newport Beach	Federal	The purpose of the proposed project is to alleviate erosion issues within Buck Gully Canyon. Two erosional cuts, approximately half way up the canyon, are migrating upstream and are presenting potential scour/erosion problems.	City of Newport Beach - Public Works Department	RBF Consulting	MKB

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
302010-43	SBNWR Abandoned Oil Well Concrete Pad Removal	Orange	Seal Beach	Federal	The project was requested to: 1) eliminate predatory bird perches in close proximity to nesting areas of Federally listed endangered species 2) restore coastal salt marsh habitat for State and Federally listed endangered species 3) eliminate unsightly debris from the	Shell Oil Company	Geosyntec Consultants	MKB
302010-44	St. Jude Med Center Emergency SD Repair	Orange	Fullerton	Federal	The purpose of the project is to repair a storm drain outfall that empties into Brea Creek. This project is the second part of emergency repair activities undertaken by St. Jude Medical Center to repair a failed storm drain that feeds into Brea Creek.	Saint Jude Medical Center	Psomas	DGW
302010-45	Off-River Basin Desilting Demonstration	Orange	Anaheim	Federal	To construct a riverbed filtration system to evaluate the feasibility to remove sediment from storm flows of the SAR to help increase recharge of OC Groundwater Basin.	Orange County Water District		DGW
302010-46	Yorba Linda Reservoir Perimeter Rd/Equestrian Trl Protection	Orange	Yorba Linda	Federal	Repair earthen erosion at three sites on and next to the perimeter access road and equestrian trail.	OC Public Works, Regulatory Permits Section		MKB
302010-47	Frank R. Bowerman Landfill	Orange		Federal	Amendment	County of Orange Waste & Recycling		MKB
302010-48	Cook Residence	Orange	Newport Beach	Federal	Pile, pier, and ramp replacement.		Shellmaker Inc.	MKB
302011-01	Big Canyon Residential Lot	Orange	Newport Beach	Federal	Grad a 1.9-acre residential lot in preparation for construction of one single-family residence.	Big Canyon Country Club	Glenn Lukos Associates	MKB
302011-02	Cienega Infiltration Gallery & Discharge Structure	Orange	Irvine	Federal	To remove selenium and nitrate from Peter's Canyon and San Diego Creeks.	Irvine Ranch Water District	Harmsworth Associates	MKB
302011-03	A06 Loftus Channel Maintenance	Orange	Brea	Federal	The proposed maintenance activities are intended to stabilize the side slopes of Loftus Channel for erosion prevention and remove sediments to ensure adequate flood capacity.	Orange County Public Works		MKB
302011-04	Walnut Canyon Reservoir Drainage Improvement	Orange	Anaheim		Repair an existing impaired drainage system within and adjacent to a maintenance road owned by the City of Anaheim. The project proposes to reconstruct these existing facilities in order to eliminate the accumulation of water on and near the road.	City of Anaheim Public Utilities Department	RBF Consulting	MKB
302011-06	Peters Canyon Wash Improvements	Orange	Irvine	Federal	The purpose of the project is to increase the flood capacity of the subject reach of the wash in order to meet County of Orange 100-yr flood conveyance requirements.	City of Irvine	Stantec Consulting Services Inc.	MKB

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
302011-07	Baker Water Treatment Plant	Orange	Lake Forest	Federal	The proposed improvements are being constructed as an emergency overflow for the Baker Water Treatment Plant facility. The proposed impacts to jurisdictional areas include the placement of a 42” diameter pipe and grouted rip-rap for energy dissipation and erosion control prevention.	Irvine Ranch Water District	RBF Consulting	MKB
302011-08	Trabuco Road Streetscape	Orange	Lake Forest	Federal	The additional southbound through lane to be added along the Ascension Cemetery frontage will complete the six0lane, divided segment of Trabuco Road, as designated in the City of Lake Forest General Plan Circulation Element and the Orange County Master Plan of Arterial Highways, between Blake Parkway and Lake Forest Drive. Eliminate an existing constriction/merging zone, where southbound Trabuco Road tapers from three to two lanes, just south of Blake Parkway. A new traffic signal will maintain traffic flow through the intersection of Trabuco Road/Via Del Rio.	City of Lake Forest	Michael Brandman Associates	MKB
302011-09	Dodge Development	Orange	Trabuco Canyon	Federal	Construction of two residential homes, of one guest house, and of retaining walls.	David C. Dodge, Inc.		MKB
332010-21	Cactus Avenue Widening	Riverside	Moreno Valley	Federal	The applicant proposes to complete street improvements to add a third eastbound lane to the south side of Cactus Avenue from the I-215 offramp from Elsworth Setreet to Heacock Street, totaling approximately 9,500 linear feet.	City of Moreno Valley	Chambers Group, Inc.	MKB
332010-22	Jurupa Ave Extension from Rutland Ave to Hole Lake Dam	Riverside	Riverside	Federal	The reconstruction of Hole Dam and the installation of the 2-12 foot culverts reinforce the safety and the stability of the habitat it neighbors. This installation of the culverts and leveling and rising of the existing ground will be necessary in order to link the existing portion of Jurupa Avenue between Rutland Avenue and Bradford to Van Buren Boulevard.	City of Riverside	Adkan Engineers	MKB
332010-23	Flood Control Facilities Maintenance	Riverside	Hemet	Federal	Repair and stabilize eroded sideslopes at four existing flood control facilities to maintain the designed function of the channels. Facilities are: Hemet Channel, Perris Valley Channel Lateral A and Lateral B, and South Norco Channel.	Riverside County Flood Control and Water Conservation District	Riverside County Flood Control and Water Conservation District	MKB
332010-24	Brookside Ave/Noble Creek Crossing	Riverside	Beaumont	Federal	Remove asphalt from Noble Creek; build arch bridge crossing of Noble Creek; provide grading, drainage, curb, and gutter, sidewalk, asphalt, striping, signage and landscaping of improved Brookside Avenue.			MKB
332010-25	I-215/Van Buren Blvd Realignment	Riverside	Near Moreno Valley	Federal	Project proposes to reconstruct the existing tight diamond interchange at I-215 and Van Buren Boulevard. Proposed improvements include a diamond type ramp for the westbound to northbound entrance ramp, a hook type ramp for the eastbound to northbound entrance ramp, another hook type ramp for the northbound exit ramp, and diamond type exit and entrance ramps for the southbound ramps.	Riverside County	Kimley-Horn and Associates, Inc	MKB
332010-26	Reche Vista Drive Realignment	Riverside	Moreno Valley	Federal	The project will replace a winding switchback portion of Reche Vista Drive between the intersection of Reche Vista Drive/Heacock Street and the northerly city limits. The improved roadway will have a length of approximately 2,000 feet.	City of Moreno Valley	Chambers Group, Inc	MKB

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
332010-27	SR 74 Headwall Removal & Culvert Extension	Riverside	Thomas Mountain, Garner Springs	Federal	Removing the existing headwalls and wingwalls, extending culverts, constructing new headwalls and wingwalls, and placing a rock slope protection in the outlets at seven culvert locations.	California Department of Transportation		MKB
332010-28	Heacock Channel Flood Maintenance	Riverside	Moreno Valley		Ongoing maintenance - removal of debris/volunteer vegetation.	City of Moreno Valley	EARSI	MKB
332010-29	Temescal Canyon Business Park/Tentative Parcel No. 35309	Riverside	Temescal Valley Area	Federal	Commercial/retail development	Temescal Office Partners, LP	Vandermost Consulting Services, Inc.	MKB
332010-30	Murrieta Regional Learning Center	Riverside	Murrieta	Federal	The proposed project is a regional learning center comprising 15 classrooms, two hard courts, a parking lot, support facilities, and site improvements.	County of Riverside Department of Education	LSA Associates, Inc.	MKB
332010-31	Line 41-05, Reche Canyon Exposure	Riverside	Colton	Federal	To eliminate a 20-foot length of exposed 12-inch main through an unnamed wash along Reche Canyon Road.	Southern California Gas Company		MKB
332011-01	Pyrite Street Improvement	Riverside	Glen Avon	Federal	Install a storm drain inlet structure into Pyrite Channel and drainage outlet into Jurupa Channel.	Riverside County Redevelopment Agency	Regulatory Permitting Specialist	MKB
332011-02	SR-91 Corridor Improvement	Riverside	Corona	Federal	Add lanes to improve travel times on SR-91 and I-15 to more effectively serve existing and future travel demand, serve existing and forecast intraregional travel demand, and to reduce diversion of regional traffic from the freeways and into the surrounding communities.	Riverside County Transportation Commission	Parsons	MKB
362010-08	Greenspot Road Bridge Replacement	San Bernardino	Highland	Federal	To construct a new bridge downstream of the existing bridge.	City of Highland	Tom Dodson & Associates	MKB
362010-09	Plunge Creek Spillway Repair	San Bernardino	Highland	Federal	The San Bernardino County Flood Control District design is repairing a damaged section of Plunge Creek spillway, downstream of Orange Street in the City of Highland. The District is proposing to re-establish the spillway to its former grades and rebuild the missing and damaged portions of the lower part of the facility.	San Bernardino Co. Flood Control District		MKB
362010-10	Boulder Ave Bridge Over City Creek Replacement	San Bernardino	Highland	Federal	The City of Highland, in cooperation with California Department of Transportation and FHWA, proposes to improve Boulder Avenue. The road improvement consists of four components: bridge replacement, road widening, infrastructure improvements and accommodations for a future multi-purpose trail.	City of Highland	PBS&J	MKB
362010-11	Route 66 Trailhead and Street Improvement	San Bernardino	Rancho Cucamonga	Federal	Widen from 4 lanes of traffic to 6 lanes of traffic on Foothill Blvd.	City of Rancho Cucamonga		MKB
362010-12	Hybl's Seawall	San Bernardino	Big Bear Lake	Federal	Building and dredging for a retaining seawall.	Response		MKB

File Number	Project Name	County	City	Federal/NF	Brief Description	Applicant Organization	Agent Organization	Staff
362010-13	Dunlap Channel Improvement	San Bernardino	Yucaipa	Federal	Eliminate surface sheet flows and storm water currently directed into Yucaipa Boulevard and to connect the basins with Dunlap Channel with an underground storm drain in Yucaipa Boulevard.	City of Yucaipa Public Works	LSA Associates, Inc.	MKB
362010-14	East Highland Village/Merris St. Street Improvements	San Bernardino	Highland		The existing culvert is 75% blocked and due to the reprofiling of Merris Street, replacement is needed for efficiency purposes.	City of Highland	Parsons Brinckerhoff	MKB
362010-15	Soil Safe, Inc. 29-Acre Property	San Bernardino	Colton	Federal	The purpose of the project is to raise the property above the 100-year flood elevation and cover the Guyaux landfill with soil-cement in order to create a developable site for future land uses and to prevent infiltration for stormwater through the landfill and into the groundwater aquifer.	Soil Safe, Inc.	RBF Consulting	MKB
362011-01	Third Street at City Creek Bypass Replacement	San Bernardino	San Bernardino	Federal	Installing a new drainage structure where the City Creek bypass channel passes beneath Third Street in the cities of Highland and San Bernardino. The current structure will be demolished and replaced by a new box culvert at the same location.	San Bernardino International Airport	Tom Dodson & Associates	MKB
362011-02	Line A Storm Drain Project	San Bernardino	Fontana	Federal	The purpose of the project is to construct and operate Line A, a component of the Storm Drain Master Plan for the City of Fontana, in order to ensure proper drainage in the event of a major storm. The project is being implemented to protect private property currently located within 100-year flood hazard area.	City of Fontana	ICF International	MKB
362011-03	Parcel Map 12159, Tentative Parcel Map 19230, Tract 15160	San Bernardino	Yucaipa	Federal	To improve channel with rock slopes, dirt bottom.		Sigland & Associates	MKB
362011-04	Hellman Ave Storm Drain & Street Improvements	San Bernardino	Rancho Cucamonga	Federal	The proposed master plan storm drain project will mitigate potential flooding along Hellman Avenue and the adjacent areas in the City of Rancho Cucamonga.	City of Rancho Cucamonga		MKB
